

## Job Description

<b>Post:</b>	Senior Consultant
<b>Grade/Level:</b>	3/Career
<b>Pathway:</b>	B – Technical and Consultancy Services
<b>Responsible to:</b>	Principal
<b>Responsible for:</b>	N/A

### Introduction to Impactt

Impactt Limited was founded in 1997 with the mission of improving the lives of workers in international supply chains in a way which makes business sense. Since then the company has grown to be a leader in the field with a high reputation for quality, excellence, integrity and delivery and for delivering innovative and scalable solutions which work for workers whilst having a strong understanding of business. The Company's head office is in London, with subsidiaries in China, India, Bangladesh.

### Job Purpose

- **1. Service delivery:** Deliver Impactt's work in the areas of assessments and investigations, remediation and/or training with a variety of clients, sectors and geographies.
- **2. Project management:** Drive, manage and ensure that essential support to projects is provided, working with team members to achieve success.
- **3. Account management** Proactively leading, managing and growing a number of medium to large clients/accounts and support growth of larger ones.

### Key Accountabilities:

- To provide excellent project management advice and/or support, ensuring professionalism in service delivery directly or indirectly, in the management of significantly larger and/or more complex projects.
- Manage larger sized projects and driving medium sized projects easily with minimal guidance from senior colleagues.
- New Business Development – supporting the team to develop proposals and bring in new workstreams as needed.

## Key Responsibilities:

- Proactively and independently lead and grow a number of medium to large clients/accounts and growth of larger accounts and demonstrate excellent project management skills, including:
  - Finances – knowledge of project management software a plus – this includes knowledge of basic accounting
  - Resources Planning and Briefing
  - Activities Timetabling, including monitoring on-time work progress
  - Risk Identification, Solutions Finding & escalation to adequate manager
  - Excellent time management and able to time manage delivery team effectively, ensuring on-time and on-budget delivery
  - Championing at least one key product area
- Facilitate and lead client meetings independently and develop or contribute to the development of methodology to address client needs.
- Represent Impactt and speak at external events.
- Act as a trusted advisor for clients and build partnerships between different stakeholders.
- Communicate to clients and stakeholders in a professional, objective, and clear manner.
- Understand Impactt's clients' programmes and identify where Impactt's services add value.
- Independently write clear, concise, proposals for and sell standard and more complex nonstandard products to clients.
- To plan and organise individual and/or delivery team activity based on skills and competencies.
- Produce high quality reports on project findings.
- Conduct standard fieldwork in the UK and internationally independently with scope to deliver non –standard products independently and/or with minimal supervision (audit, training etc.) as and when required and in line with portfolio.
- Execute accurate, objective and high-quality work by implementing all requirements indicated in the client specific procedures.
- Undertake any other duties reasonably required that are consistent with the grade and purpose of the post.
